

## WEST SUBURBAN FAITH-BASED PEACE COALITION

Fundraising Luncheon honoring the Peace Essay Contest Winners

August 27, 2015 at 11am  
87th Anniversary of signing the Kellogg-Briand Pact

Led by the U.S. Secretary of State, Francis Kellogg, and the French Foreign Minister, Aristide Briand, many nations signed a Pact in Paris on August 27, 1928. The Kellogg-Briand Pact outlawed war and the use of war as a threat to resolve international disputes. It was ratified by the U.S. Senate (85 to 1 vote) and signed into law by President Coolidge in 1929. It became and is “the supreme law of the land.”

To help publicize this little-known fact our West Suburban Faith-based Peace Coalition (WSFPC) sponsored a Peace Essay Contest. People young and old have submitted essays addressing various influential figures of authority, and in some cases have received a response. We will reveal the winners at the luncheon. Awards will be presented by activist Kathy Kelly from *Voices for Creative Nonviolence*. Essays and responses can be read on this webpage: <http://www.faithpeace.org/node/234>

If you support this positive peace initiative please join us for the luncheon. Proceeds will be used to fund next year's Peace Essay/Response Contest.

**Seating is limited! Please RSVP by August 13!**
